

Live from Warehouse Four

An Exciting Hybrid Event Solution

Live From Warehouse Four is a flexible and compelling live-stream event solution, designed specifically to deliver your event to both a physical and virtual audience.

We combine **high-end** television production values with the theatre and immediacy of a live event, offering you the best of both the physical and digital **live-stream** worlds.

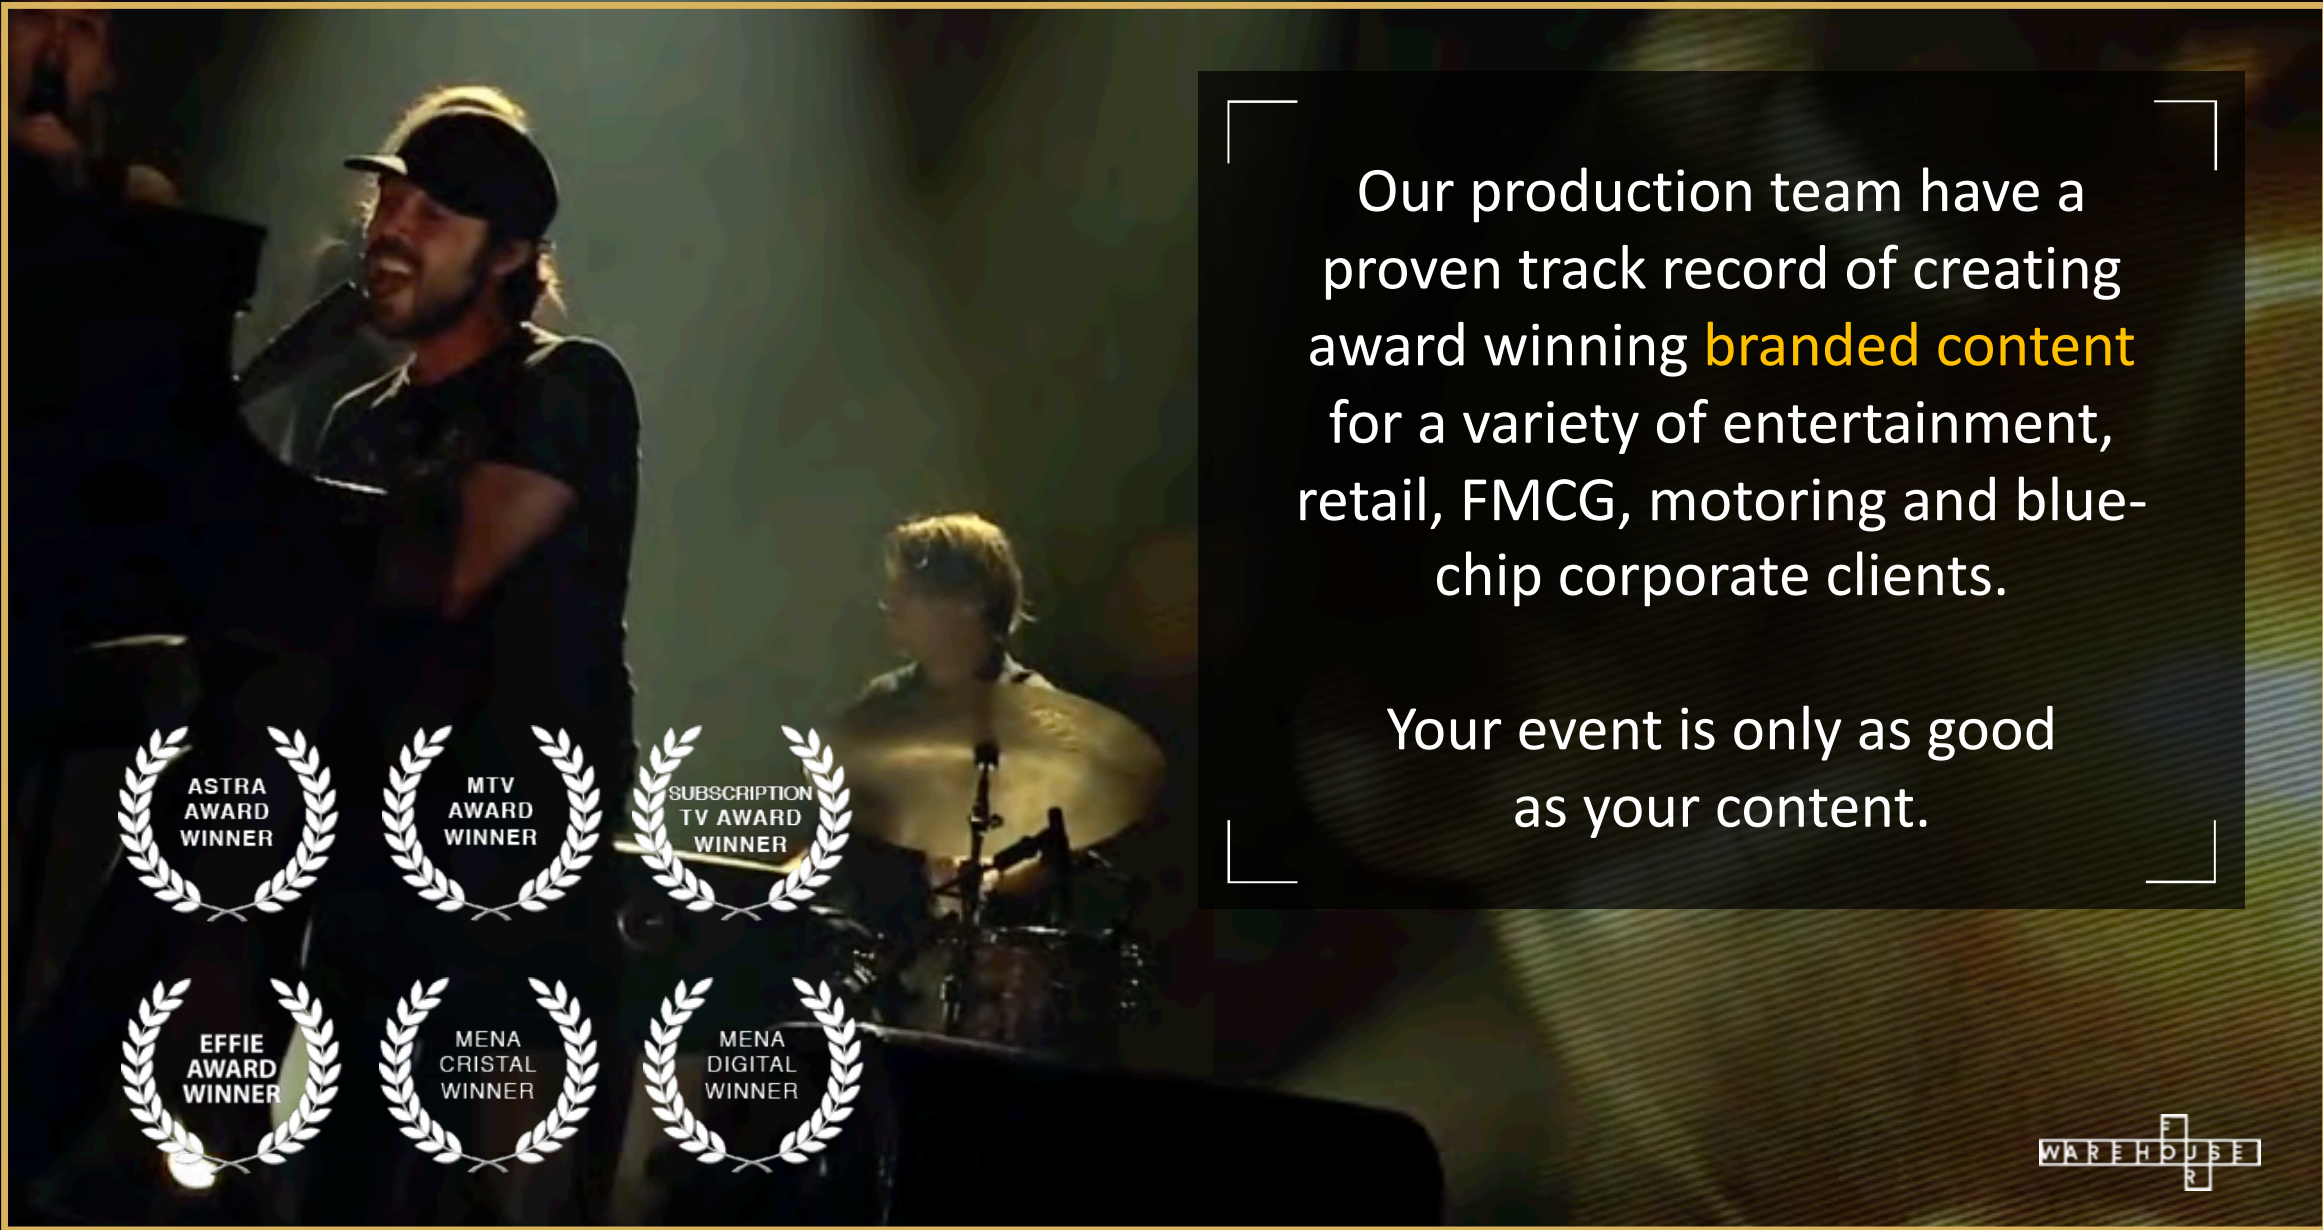

“A viable and cost-effective event option that allows you to stage events safely, whilst reaching as wide an audience as possible.”

How do we do this?
It's all about **content**.

Harnessing the experience of two former MTV producers, leading event managers and tech providers, we employ many of the principals of making **live television** shows, into transforming your event for an online audience.

Remember, your content has to be
as **compelling** and **engaging** as a
Netflix mini-series.

Our production team have a proven track record of creating award winning **branded content** for a variety of entertainment, retail, FMCG, motoring and blue-chip corporate clients.

Your event is only as good as your content.

Our fully equipped **live-stream studio** is located in the centre of Dubai, with easy parking, and is also one of the best event venues in the city.

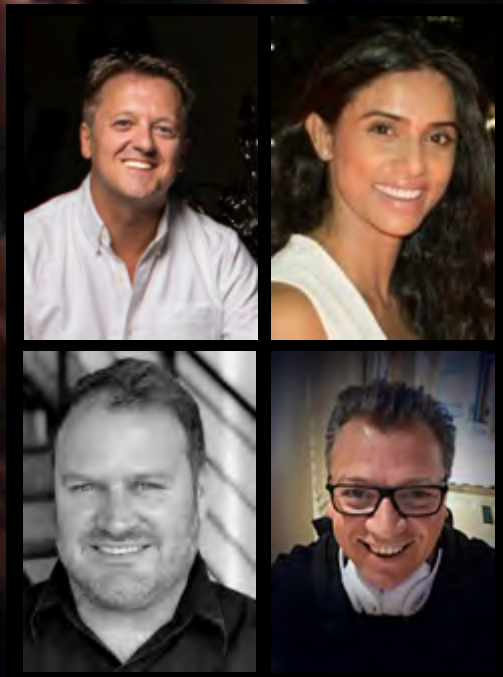

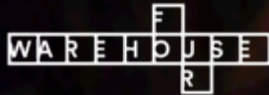

PLUG & PLAY

To accommodate depleted team resources and more focused budgets, together with our partners, we've developed an inclusive but flexible 'plug and play' package to facilitate hybrid live-stream event planning at all scales.

Creative, event management, content production and venue, all in one package.

At a price that won't break the bank!

CORE EXPERIENCE

Our team has over 25 years experience in both event management and broadcast television production, producing high profile events including The Beirut Summit, Huawei Mate Series launches, Arab Youth Survey, National Media Council and many more.

Our production partners have worked on numerous high-profile broadcast television events including the MTV Video Music Awards, Billboard Music Awards, YouTube Symphony Orchestra (Live from Sydney), Tiger Woods Invitational, Dubai New Years Eve Fireworks and many more.
